

Orlando FSDO FAA Safety Team presents:

Service Bulletins and Aircraft Owners

Audience discussion of the following:

- In order to ensure the best product possible and to improve product design and maintenance, aircraft manufacturers constantly research the performance of their products.
 - Product performance research, including accident investigation, may reveal unanticipated issues with aircraft components.
 - As aircraft age, new issues may be discovered that require action.
 - Service Bulletins and Service Instructions are means to share issues with aircraft owners and maintainers and to guide them in issue resolution.
- More at <http://www.fsr-inc.org/FAAST/Seminar/Notice.aspx>

Directions: From Colonial Drive turn south on Rickenbacker Dr. Continue through the Fairgreen St intersection to the end of Rickenbacker Dr. and into the parking lot. Park in any available designated spot. Walk east to the Airport Administration Building.
